

SpamTrap™

Take Control of Your Email with our Spam & Virus Filtering Service

Unwanted email costs businesses billions of dollars every year in lost productivity, poor morale, and related infrastructure costs. Many solutions, whether desktop or hosted, either under perform in this never-ending battle, or they are expensive and have hidden costs for maintenance, updates and staff to continually manage them.

SpamTrap from NetLiance changes all that. SpamTrap is not only highly effective in combatting unwanted email and viruses, it is also a **truly fully-managed solution**. Just sign-up and within minutes SpamTrap is working for you.

- **EFFECTIVE** - Identifies 95% to 98% of spam. 1 in a million false positives
- **SECURE** - Spam can be sent to the client for disposition, rejected, or deleted
- **RELIABLE** - Fully redundant servers auto-store, spool and forward your emails when your mail server is down
- **EASY** - Nothing to manage, nothing to learn. Our experts do it all for you.
- **AFFORDABLE** - Economically priced for one email box or thousands
